ROTHSCHILD OIL

TO INVADE THE PACIFIC

LOS ANGELES, Cal., April 24.—The Rothschild oil interests, a dominating financial factor in almost every European country, have secured a lease on Southern Pacific land facing the outer harbor and proposed to make Los Angeles the seat of a war against the Standard Oil Company.

Application was today filed with the Harbor Commission for permission to erect on this land oil tanks and a distributing plant that will represent the immediate investment of \$5,000,000. Additional warehouses will be located in this city.

The forty big tank steamers which are used by the Rothschild interests in transporting Oriental oil on the other side of the Pacific ocean will bring oil from the fields of the Far East to the distributing basis at San Pedro for transshipment to the entire southeast territory and as far east as the Mississippi river.

This business will be entirely in competition with the wealthy oil interests of America above which stands head and shoulders, the great power of the Standard Oil.

Business is to be started on such a scale that there will be at least one of the trans-Pacific steamers unloading at San Pedro constantly. These statements were made by a representative of the Rothschilds, H. R. Gallagher, who called at the office of the Harbor Commission today shortly before leaving for San Francisco.

NEW YORK, N. Y., April 22.—Mrs. Ida Honor Grant, widow of General Frederick Dent Grant, is to receive all his property, both real and personal, by the terms of the General's will, which was filed for probate today. The petition accompanying the will states that the property of General Grant is worth "in excess of \$10,000."

"I make the foregoing devise and bequest to my wife alone," says the will, "because of my assurance that our children, who have already been provided for by the last will and testament of my deceased mother, will be more gratified to have their mother receive the entire estate belonging to me than to have it diminished by present gifts to them, and also because of my confidence, which they will share, that their mother, in managing her estate, having more regard for their interests than for her own, will always, if necessary, therefore should arise, aid them to the extent of her ability during life, and will divide her estate with them justly at her death."

The children of General Grant are F. S. Grant the third and Princess Cantacuzene.
